

RETURNING
2023

Every year Chartwells take part in the national campaign the "Big Spring Clean" on campus. 2019 was no exception. In April along with some volunteer students and staff they took to the banks of the river Pinn and collected rubbish and waste objects. In total they collected 8 refuse sack of waste. The removal of this waste will have a huge impact on the wildlife that lives in and around the river. We are planning another cleaning event soon.
