

BRUNEL UNIVERSITY OF LONDON

Council Ordinance 7

Scheme of Council Delegation

1. The supreme governing body of the University is the Council, which has ultimate responsibility for all matters of governance.
2. In accordance with Article 6 of the Charter, Council may delegate any or all of its powers and functions to any appropriately qualified person or body within the University, other than the following which are reserved to Council:
 - 2.1 the appointment, dismissal and terms and conditions of the employment of the Vice-Chancellor;
 - 2.2 the appointment of auditors;
 - 2.3 the approval of the University's strategic plan;
 - 2.4 the approval of the University's financial forecasts and annual budget;
 - 2.5 the approval of the University's annual audited accounts; or
 - 2.6 the variation, amendment or revocation of the Charter, Statutes or Ordinances of the University.
3. Notwithstanding the reservation of these powers, the Chair of Council or the Deputy Chair of Council has the authority to exercise any of them in consultation with the Vice-Chancellor and President or the Deputy Vice-Chancellor. Such action may be taken only where it would be inappropriate to wait for the matter requiring consideration to be brought to a scheduled meeting of the Council. Before reaching a decision on any such matter the Chair of Council and the other persons must first consider whether the matter is of such significance that an Extra-Ordinary meeting of Council should be called. The Chair of Council is required to report to the next scheduled meeting of Council upon the exercise of such powers. Only the most exceptional circumstances would warrant the Chair in taking such action.
4. Council delegates to the Vice-Chancellor and President the day to day operations of the University and its activities encompassing the academic, corporate, financial, estate and human resources management. Where a power is not expressly reserved for Council, nor specifically delegated to a committee or senior officer, that power is assumed to be delegated to the Vice-Chancellor and President.
5. Council retains ultimate responsibility for all of its functions, even where delegated, and therefore it is expected that reports will be received as appropriate to enable Council to maintain a monitoring role.
6. Council may arrange for the discharge of certain of its functions by a relevant Committee or, where appropriate, by a senior officer. By the same principle a Committee or a senior officer may delegate their own functions.
7. This scheme identifies where the responsibility for Council's functions lies, and any matters which have been delegated to a Committee or senior officer for decision. This Ordinance sets out high-level delegation and should be read in conjunction with the

Charter, Statutes, Ordinances and Regulations, of the University.

8. Unless an issue is explicitly reserved for decision, then it is assumed that the relevant Committee or senior officer who is responsible for that particular function has the delegated power to act. A senior officer may, with the agreement of the Vice Chancellor and President and the relevant Chair, refer any matter to Council or the relevant Committee for a decision if this is regarded as necessary.
9. The Appendix to this Ordinance sets out a non-exhaustive record of powers delegated by Council but, for the avoidance of doubt, does not preclude Council from delegating its powers outside of that record.

Council Committees

10. Council shall determine those matters on which decision may be reached by its Committees and their actions reported to it. All other matters are reserved to Council for its decision.
11. The matters in which decision must be made by Council and the areas in which decision may be made by Council Committees shall be set out in the terms of reference for the Committees contained in Ordinance 5 and shall be kept under annual review.
12. Council may seek recommendations from its Committees on matters reserved to Council for final decision. In making its decision Council may take account of, but shall not be bound by, Committee recommendations.
13. All Council Committees shall record in the minutes all decisions made under powers devolved from Council. The minutes of the meetings shall be lodged with the Secretary to Council.
14. All Council Committees shall, annually, consider their terms of reference and review the business transacted over the year and shall consider whether their devolved powers of decision making are appropriate. Where appropriate, Committees shall recommend to Council changes to their terms of reference.
15. Council shall consider the recommendations from its Committees and shall make such amendments to the devolution of decision making as it considers appropriate, bearing in mind its overall responsibilities under the Charter and Statutes, primary legislation, the Office for Students' (OfS) regulatory framework or other instruments.

Chair's Action

16. The Chair of Council shall have delegated powers to act on the Council's behalf between its scheduled meetings on:
 - i. Items of routine business that would not normally merit discussion at a meeting of the Council;
 - ii. Matters relating to the implementation of policies that have already been approved by the Council.
17. Where an issue arises which, in the view of the Chair of Council, is too urgent and important for consideration to be deferred until the next scheduled meeting of the Council, the Chair of Council shall have delegated authority to take action on the Council's behalf. Such action may, at the discretion of the Chair of Council, take the form of:

- i. Calling an Extra-Ordinary meeting of Council;
 - ii. Consulting with the members of the Council by correspondence;
 - iii. Taking Chair's Action.
18. In all cases, the Chair of Council will exercise great care before taking action on behalf of the Council and will consult with the Secretary to Council on the most appropriate course of action. Chair's Action on matters of importance will be taken only where delaying a decision would be likely to disadvantage the University.
19. Where the Chair of Council has exercised delegated authority to act on behalf of the Council, a written report on the action taken will be made to the next scheduled meeting of the Council which shall give its formal endorsement or otherwise to the action.
20. In the absence of the Chair of Council the Deputy Chair of Council may assume responsibility for taking Chair's Action.

SCHEME OF COUNCIL DELEGATION

The Royal Charter sets out the non-delegable powers of Council. These powers are set out in Section 1 of the table below.

Section 2 of the table below sets out details of the powers of Council that have been delegated and the person or committee to which the exercise of those powers has been delegated and which are therefore able to make decisions in relation to those powers on behalf of Council. Where Council has delegated the exercise of its powers to another person or body, Council is still ultimately accountable for the actions taken.

The Scheme of Delegation should be used as a first point of reference for understanding where the responsibility lies for key decision-making. The Scheme of Delegation is not exhaustive as Council is able to make decisions to delegate its powers (other than those set out at Section 1 of the table below) at any time as required in order to maintain effective governance of the University. It may also be the case that a particular project does not fall within a specified delegation in the table below; where this is the case, a common-sense approach should be taken in applying the Scheme of Delegation in order to determine the most appropriate body, Committee or person to which a decision should be referred, with guidance from the Secretary to Council.
