

Programme Specification for Undergraduate Programme

Leading to:

BSc Specialist Community Public Health Nursing: Health Visiting

BSc Specialist Community Public Health Nursing: Occupational Health Nursing

BSc Specialist Community Public Health Nursing: School Nursing

Applicable for all undergraduate students starting at FHEQ Level 6 on or after 1st September 2020

Version No.	Date	Notes – QA USE ONLY	QA
1	June 2019	New Programme Specification created for 2020/21	RJC

Undergraduate Programme	
1. Awarding institution	Brunel University London
2. Teaching institution(s)	Brunel University London
3. Home college/department/division	College of Health, Medicine & Life Sciences/Department of Clinical Sciences/ Division of Nursing
4. Contributing college/department/division/ associated institution	None
5. Programme accredited by	Nursing & Midwifery Council (NMC, Statutory Body)
6. Final award(s) and FHEQ Level of Award	BSc Specialist Community Public Health Nursing: Health Visiting BSc Specialist Community Public Health Nursing: Occupational Health Nursing BSc Specialist Community Public Health Nursing: School Nursing All of the above awards are at FHEQ Level 6
7. Programme title	Specialist Community Public Health Nursing : Health Visiting Specialist Community Public Health Nursing: Occupational Health Nursing Specialist Community Public Health Nursing: School Nursing
8. Programme type (Single honours/joint/)	Single honours
9. Normal length of programme (in months) for each mode of study	52 weeks full time 104 weeks part time
10. Maximum period of registration for each mode of study	Normal plus 2 years
11. Variation(s) to September start	None
12. Modes of study	Full time and Part time
13. Modes of delivery	Standard
14. Intermediate awards and titles with FHEQ Level of Award	None
15. UCAS Code	n/a
16. HECoS Code	100295 (Health Visiting) 100281 (Occupational Health Nursing) 100293 (School Nursing)

UNDERGRADUATE HONOURS

17. Route Code	B712USCPHNN (Health Visiting) B710USCPHNO (Occupational Health Nursing) B713USCPHNS (School Nursing)
18. Relevant subject benchmark statements and other external and internal reference points used to inform programme design.	<p>QAA UK Quality Code for Higher Education</p> <p>Brunel 2030</p> <p>Brunel Placement Learning Policy, as published under the 'Placements' section of the 'Managing Higher Education Provision with Others' page.</p> <p>NMC Standards of Proficiency for Specialist Community Public Health Nurses (2004)</p> <p>NMC Standards of Proficiency for nurse and midwife prescribers (2006)</p> <p>NMC Standard for Supporting learning and assessment in practice (2006)</p> <p>Department of Health: Educating Health Visitors for a transformed service (2011)</p> <p>Department of Health: Health Visitor Teaching in Practice (2012)</p> <p>Department of Health: The Healthy Child Programme 5-19 years (2009)</p> <p>Royal College of Nursing Occupational Health Nursing: Career and competence development (2011)</p>
19. Admission Requirements	<p>Details of entry requirements are provided on the University's and College website.</p> <p>Levels of English for non-native speakers are outlined on Brunel International's language requirements pages.</p> <ul style="list-style-type: none"> • Qualified nurse with active registration on the NMC Nursing Register part One or Two. Two satisfactory references of which one should be an academic reference. • A Diploma of Higher Education or the equivalent of 120 FHEQ Level 5 credits. All applicants are required to be interviewed to ascertain their professional readiness to undertake the programme. <p>Community Health Admissions Policy</p> <p>Admissions to the Community Health Programmes are in accordance with the policy of the School of Health Sciences & Social Care and Brunel University. The policy takes into account the requirements of the Nursing and Midwifery Council and Brunel University's Equal Opportunities Policy.</p>
20. Other relevant information (e.g. study abroad, additional information on placements)	<p>50% of the Programme is based in practice, which is undertaken in audited placements. Each student has one main practice placement, which is carried out in their professional discipline. It is facilitated by an appropriately educated and prepared Practice Teacher. The theory and practice modules run concurrently and in total work out to an average of two days in the University and two days in practice per week. There are 45 programmed weeks of University and practice based - learning, which incorporates 15 days of alternative practice. The programme incorporates seven weeks of annual leave and concludes with a ten week consolidated practice placement.</p> <p>Applicant Screening</p> <p>Students placed in NHS setting for practice will have screening by the Disclosure and Barring Service undertaken by the placement organisation. However as Occupational Health Nurse students may</p>

UNDERGRADUATE HONOURS

	<p>be placed in NHS placements they will carry out the screening if required</p> <p>Statutory Body Accreditation The programme meets the regulatory requirements for Approval and Monitoring of Specialist Community Public Health Nursing Programmes as laid down by the Nursing and Midwifery Council. The award grants a licence to practise.</p> <p>Career Opportunities Nurses who successfully complete the programme are eligible to apply for posts as Specialist Community Public Health Nurses within their pathway specialism. Career progression as team leaders and managers frequently result following this award.</p>
<p>21. Programme regulations not specified in Senate Regulation 2. Any departure from regulations specified in Senate Regulation 2 must be stated here and approved by Senate.</p>	<p>Nurse Prescribing Module The V100 Nurse Prescribing modules provide professional development certification. It is not required to achieve a pass in these modules to receive any of the awards available under the Specialist Community Public Health Nursing programme. Students who undertake and pass the assessment will be noted at the Board of Examiners and the student's results will be relayed to the NMC to enable the student to practise as a V100 nurse prescriber.</p> <p>Registration Students will be registered for the BSc (Hons). This is the only route permissible in order to achieve the award and license to practise.</p> <p>Assessment The Consolidated Practice Module will be 0 credit rated (SR2.7 and SR2.8)</p> <p>Students who undertake and pass the Nurse Prescribing assessment will be noted at the Board of Examiners and the student's results will be relayed to the NMC to enable the student to practise as a V100 nurse prescriber.</p> <p>Nurse Prescribing Assessment HHNP is a professional development assessment. Failure of this assessment does not affect the degree programme outcome.</p> <p>Reassessment Students may be permitted reassessment in up to 60 credits. No assessment can be attempted on more than 2 occasions. (c.f SR2.71).</p> <p>Withdrawal from Practice Placement All students are required to undertake specified periods of placement. Every attempt is made to match students' placement needs. Students may not unreasonably reject the offer of a placement setting nor are they permitted to unilaterally discontinue a placement setting once commenced. The University and the placement provider may terminate a placement setting only with good cause. Students who wish to discontinue a placement setting must gain the agreement of the University <u>before</u> they may discontinue the placement setting; relevant procedures are defined in the placement handbook.</p> <p>Where, after due process as defined in the relevant placement handbook, a student's progress in a placement setting is judged as irredeemable, the placement setting may be terminated early by the University and placement provider. An 'irredeemable' judgement will be made only where the student's progress in the placement setting is such that it will not be possible for the student to meet the assessment requirements of the placement module/block within the remaining standard period of the current placement setting.</p> <p>Attendance Each module is considered separately for attendance purposes and</p>

UNDERGRADUATE HONOURS

	<p>100% attendance is expected in each module. Attendance on campus will be recorded by the use of self-signing registers in each session. These will be monitored regularly by the module leader and when poor attendance is noted which might lead to a student falling below 80%, action will be taken. Attendance will be discussed with the student and noted on a tutorial record sheet. If attendance does not improve and there are no known mitigating circumstances then the student will be issued with a brief written reminder of the attendance requirement, and the practice sponsor/OH manager will be notified.</p> <p>Sponsoring/employing organisations are informed of attendance records on a termly basis</p> <p>The attendance level requirements in the practice placement are reviewed as part of the formative assessment.</p> <p>Professional Suitability Certain behaviours may indicate that a student is professionally unsuitable. Where the professional suitability of a student is questioned, the suitability procedures of Senate Regulation 14 will be followed.</p>
22. Further information about the programme is available from the College website.	Further programme information is available on the College website http://www.brunel.ac.uk/courses/undergraduate/specialist-community-public-health-nursing-bsc

23. EDUCATIONAL AIMS OF THE PROGRAMME

This programme aims to provide registered nurses and midwives holding a diploma level qualification (or equivalent), with the knowledge and skills to enable them to become specialist community public health nurses who are fit for practise, purpose, award and professional standing.

The proposed programme aims to develop Specialist Community Public Health Nurses who are able to improve standards of public health practice and facilitate the development of public health practice. Practitioners must be able to work both collaboratively within a multi-disciplinary team and autonomously, ensuring high quality health care for individuals, families, groups and communities based on evidence based practice.

The aims and learning outcomes for the programme have been taken from SCPHN Standards document (NMC 2004):

- To provide the foundation for the standards of proficiency for entry to the NMC register as a SCPHN in Health Visiting, Occupational Health Nursing, School Nursing.
- To ensure that students are prepared to practise safely and effectively to such an extent that the protection of the public is assured at all times following The Code: *Standards of conduct, performance and ethics* (NMC, 2008).
- To prepare practitioners to be practice- centred and proficient and to work in a rapidly changing environment by adapting to new systems of service delivery and public health.
- To prepare students for extending the scope of future practice roles and responsibilities by providing foundation knowledge and skills that will enable further professional development through lifelong learning.
- To develop a critical, challenging and innovative approach to contemporary public health issues that can influence effective service provision.

UNDERGRADUATE HONOURS

24. PROGRAMME AND INTERMEDIATE LEARNING OUTCOMES

The programme provides opportunities for students to develop and demonstrate knowledge and understanding (K) cognitive (thinking) skills (C) and other skills and attributes (S) in the following areas:

FHEQ Level	Category (K = knowledge and understanding, C = cognitive (thinking) skills, S = other skills and attributes)	Learning Outcome	Associated Assessment Blocks Code(s)	Associated Study Blocks Code(s)	Associated Modular Blocks Code(s)
4

Learning/teaching strategies and methods to enable learning outcomes to be achieved, including formative assessments

UNDERGRADUATE HONOURS

Work-based practice, lectures, seminars, discussion, debates, small group work, study, problem-focused learning and tutorials
Public health intervention strategy

Summative assessment strategies and methods to enable learning outcomes to be demonstrated

A variety of assessment methods are used throughout the programme to assess knowledge and understanding, and provide feedback both formative and summative. For example through examination, project work, assignments, and evidence from practice experience.

The assessment of cognitive skills is achieved through evidence based presentations, reflections, assignments, portfolio and the dissertation

Practical and professional skills are assessed in practice, project work, public health intervention, report writing/care planning, nurse prescribing.

Transferable skills are assessed in presentations, practice, assessed group work.

25. Programme Structure, progression and award requirements

Programme structures and features: levels, assessment blocks, credit and progression and award requirements

- **Compulsory block:** one which all students registered for the award are required to take as part of their programme of study. These will be listed in the left hand column;
- **Optional block:** one which students choose from an 'option range'. These will be listed in the right hand column;
- A **non-core assessment** does not have to be passed at grade D- or better, but must be better than a grade F, in order to progress and to be eligible for the final award.

UNDERGRADUATE HONOURS

FHEQ Level 6 Progression and Award Requirements

As per [Senate Regulation 2](#)

In order to be recommended for a classified Honours degree, a student must pass 120 credits at FHEQ level 6 and pass the Consolidated Practice Module (CM3602).

Intermediate awards are not available since the programme is at FHEQ Level 6 only. (as per SR2.1 and SR2.61 and c.f. 2.62d).

Nurse Prescribing Assessment (CM3802) is a professional development assessment. Failure of this assessment does not affect the degree programme outcome.

Classification

Students must pass the Consolidated Practice Module (CM3602), which is graded on a pass/fail basis. However, this does not contribute to the degree classification. (SR2 – Appendix A)

Mechanisms for classification shall be as per Senate Regulation 2 Appendix A. The weightings in section C of Appendix A do not apply. The profile for classification shall be entirely based on FHEQ Level 6.

An aegrotat pass is not possible for a BSc (Hons) Specialist Community Public Health Nursing since such an award would confer a license to practice and this is unacceptable to the statutory body (NMC) where the student has not been assessed in all programme elements. (c.f. SR2.62e)

Please note: this specification provides a concise summary of the main features of the programme and the learning outcomes that a student might reasonably be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. More detailed information on the learning outcomes, content and teaching, learning and assessment methods can be found in the modular block, assessment and study block outlines and other programme and block information. The accuracy of the information contained in this document is reviewed by the University from time to time and whenever a modification occurs.
