Academic Reading
(2 hours a week for 4 weeks)

Course Aim and Outcomes
Students develop a range of skills for reading efficiently and effectively for the purpose of successfully writing academic assignments.

To do this you will be able to:
- use appropriately a range of reading strategies for reading academic texts;
- develop vocabulary building strategies that are relevant to academic reading;
- develop note-taking skills.

Course Content and Materials
Skills practiced on the course include reading journal articles, distinguishing between main points and supporting details, making notes, argument-mapping, and recognition of text patterns.

Materials are provided by the teacher.
