

Pronunciation (Zoom) **(1.5 hours a week for 7 weeks)**

Course Aim and Outcomes

Your spoken English can be understood with ease by an international audience.

To do this you will:

- pronounce individual sounds of English more accurately;
- use stress more accurately.

Course Content

The course focuses on high priority areas which include chunking and prominence, word stress, vowel length, commonly confused consonant sounds, and intonation.

The first five lessons are for the class as a whole. The last two lessons are devoted to 1-1 sessions. For the 1-1s, students record 1 to 2-minute talks related to their fields of study.

Course Materials

Provided by the teacher. Students are encouraged to give 1 to 2-minute recorded talks related to their fields of study after each lesson so that further individual feedback can be given by the teacher.

Online registration

Online registration is now available. Please note that the number of places for each course is limited, and you will be sent an email confirming availability within two working days confirming your place.
