

## English for Academic Presentations (1 hour a week for 4 weeks)

### Course Aim and Outcomes

You give effective academic presentations.

To do this you will:

- develop skills for preparing a presentation;
- use language commonly used in academic presentations;
- be aware of language issues that require further study;
- be more confident in giving presentations;
- use visual aids effectively;
- deal with questions effectively.

### Learning methods

Classes include input from the tutor as well as individual and pair/group work along with mini-presentations. Feedback includes language and pronunciation correction.

### Course Materials

Teaching materials are provided by the tutor, but participants are asked to bring a laptop to class as presentation slides are developed during class time.
