## The Wild September!

BY CAMERON FOX

**The most exciting month for our students is now over. What an exciting freshers it has been from giveaways to the launching of our new app, it has been one to remember!**

### Uni Food Hub - Get in the the Know!

Our freshers campaign mainly consisted of driving both staff and students to download the (free) Uni Food Hub app. Uni Food Hub has replaced the new Time to Eat app and through transitioning towards a dark kitchen it now includes delivery as well as the click and collect options.

Food can be collected at any of our campus outlets (excluding Subway) and delivered across campus (including halls of residences). Incorporating both click and collect and delivery means there is no queueing and the food is fresher. The app also includes a number of fantastic features such as earning loyalty points every time you purchase and allowing others to top up your account.

### Pop up - food bags & food samples

Between 20th - 24th September we hosted a pop up outside of the Hamilton Building. During this, those that downloaded the Uni Food Hub app received a free freshers goodie bag and those that followed us on a social media account (preferably Instagram or Facebook) received a free food voucher that they could use upstairs in the Junction. We secured many suppliers to provide food, some of which were Proper Cornish, Coca Cola and Love Corn. We also had Executive Chef Malcolm cook delicious Taco's as part of our Social Kitchen. The event was a huge hit for both students and staff! Thousands of our freshers bags were given away and students loved sampling the various foods available.

### Freshers garden events

During Freshers we hosted the Freshers BBQ and Return to work . The freshers BBQ offered a beef or vegan burger with the sides options of potato wedges, fried onions, coleslaw and crunchy salad and return to work offered delicious hot dogs. Both events went down extremely well with our students, especially the freshers BBQ which served around 800 students.

### The Social Kitchen

Our Social kitchen is back! The social kitchen is where you can learn how to cook foods with our executive chef Malcolm, try delicious food and socialise. The social kitchen for this month was Plantilicious. We had a huge turnout for this event and students couldn't get enough of our food! Our next social kitchen will be FAKEAWAY in November, where you can learn how to cook a realistic takeaway from home. Bookings will be made via the Uni Food Hub app.

### Brunel Social at The Junction

Brunel Social is located in the Junction (upstairs of the Hamilton Building) and is the social space of the University. Here you can find pool tables, sofas as well as Sub TV, giving you the freedom to personalise the space by choosing the music you want to listen to.

### Click & Collect station at The Junction

Through the transition towards a Dark Kitchen, we have now installed a click & collect location upstairs at The Junction. You can also click and collect your food at 1966, Bite (Starbucks), Coffee Room, Hola Pollo and Whistlestop.

*"Our Social kitchen is a fantastic experience! Whether you want to learn how to cook different meals, sample our food or socialise with others, it has something for everyone."*
