 🕒 7pm - 8:30pm

### Uni you Know?

There is a street workout park next to the Heinz Wolf building

### Fun Food Fact

Pennsylvania is home to the "mushroom capital of the world"

## A Banging Start... it's Re-Freshers!

**It was a freezing cold January on campus. Yet, with endless giveaways during re-freshers, jam-packed (cinema) popcorn bags & the launching of 25% off click & collect orders, its been a warm-hearted one from us!**

### Re Freshers

For Re-freshers we held a stall in The Junction providing; free food, support from nutritionists and invited students to engage in games to win prizes. One of the games was *'spin the wheel'* whereby students spun a wheel to win prizes. All our prizes were designed to be as sustainable as possible. Some of these prizes were: bamboo pens, rice cups as well as recycled notepads and calendars. From dramatically reducing food waste to the pens students write with, sustainability is at the heart of everything we do!

### Cinema night

*"The bitch is back!"* with Elton John's hip surgery postponing a booking, we decided the next best thing and in-keeping with our dynamic start to the month was to play 'Rocketman' for our January cinema night. We provided free popcorn to all of those that attended. After 3 months since starting the cinema nights, we have steadily increased the numbers, with around 25-30 attendees.

### Uni Food Hub Promotion

This month saw the launch of 25% off click and collect for first time users of the Uni Food Hub app. With the success of 50% off first deliveries (which has now ended) it was important to provide staff and students with continued discounts. The click and collect feature on Uni Food Hub means students can order food and drink and beat the queue.

### Uni Food Hub - Podcasts

January saw the launch of F.U.E.L (fuelling unique everyday lives) podcasts. During these podcasts, Chartwells nutritionists have a topic each month relating to F.U.E.L that can provide staff and students with the information to live healthier and more sustainably.

### FEASTIVAL UPDATE

This months FEASTIVAL has seen the return of The Big Cheese & Mac Shack. Watch out next month as we will be giving out sweet pots for completing the Uni Food Hub survey.
