

# Welcome to Specialist Community Public Health Nursing at Brunel

Discover  
Brunel

## Congratulations on securing your place at Brunel

We're looking forward to meeting you - either in person or online - and introducing you to life at Brunel.

To help us get started, we've put together a short activity for you.

## Pre-arrival activity

We'd like you to complete a short activity before you join us. We can discuss your answers in one of your first personal tutor sessions. Your work will not be officially assessed however it will allow your tutor to get to know you better.

Please watch this [video](#) and view [this link](#) before your first personal tutor session. We will be discussing how the topic of breastfeeding versus formula milk relates to your chosen pathway.

If you have any questions please email [chmls-tpo-otcn@brunel.ac.uk](mailto:chmls-tpo-otcn@brunel.ac.uk).

We look forward to meeting you in Welcome Week (Monday 21 – Friday 25 September).
